Subject: North Yountville Bike Route Project – Neighborhood Meeting

The Town of Yountville has been awarded a \$200,000 Transportation Enhancement Grant to design and construct a safe bike route from Madison Street at Highway 29 to Yountville Cross Road at the eastern Town Limit. A neighborhood meeting is being held on Wednesday, **August 25 from 5:30 to 7 PM** at the Yountville Town Hall at 6550 Yount Street to discuss a project. The main parts of the project are signing and striping along Madison Street, Washington Street, Lincoln Street, Monroe Street, Yount Street, and Yountville Cross Road.

This proposed route segment will connect to the first segment of the Napa Valley Vine Trail along Highway 29 and will improve safety by allowing bike riders and pedestrians to use a Class II bike route past Yountville Park instead of on Madison Street from Washington Street to Yount Street. The design engineer will have preliminary plans at the meeting and construction is scheduled for 2011.

Any questions about the project should be directed to Graham Wadsworth, Public Works Director, at 707-944-8851.
