Get Out and About!

Pixar– 25 Years of Animation

Home to a number of leading studios, the San Francisco Bay Area has emerged as a global center for animation today. **PIXAR:**

25 Years of Animation provides an unprecedented look at the renowned Emeryville-based studio (located just a few miles from OMCA) and showcases the creative work behind its wildly successful computer-animated films. After its opening in New York and its five-year international tour, the exhibition comes home to Oakland.

De Young Museum

Colossal Stone Heads

Considered the "mother culture" of Mesoamerica and recognized as

America's oldest civilization, the people known today as the Olmec developed an iconic and sophisticated artistic style as early as the second millennium BC. The Olmec are best known for the creation of colossal heads carved from giant boulders that have fascinated the public and archaeologists alike since they were discovered in the mid-19th century.

Included in the exhibition are colossal heads, large-scale thrones, and monumental stelae in addition to precious small-scale vessels, figures, adornments, and masks.

Date: February 22
Time: 9:00am-5:00pm
Day: Tuesday
Fee: \$51/\$45 Resident Discount
