

Your water agency and Pacific Gas and Electric Company have teamed up to provide you with:

UP TO  
**\$125**

## CASH BACK ON A CLOTHES WASHER

Qualified washers must be purchased and installed between January 1, 2012 and December 31, 2012

### HOW TO APPLY

- Read** the Terms and Conditions to determine if you are eligible for a rebate. You must be a customer of PG&E and a participating water agency.
- Verify** the clothes washer you are going to install is a qualifying Tier 3 model on the Consortium for Energy Efficiency (CEE) list, available at [www.waterenergysavings.com](http://www.waterenergysavings.com) or contact a PG&E representative at 1-800-933-9555.
- Purchase and install** qualifying product(s) during the rebate eligibility term from January 1, 2010 to December 31, 2012. Ensure product(s) are installed and operational before submitting your application.
- Complete** the application or apply online at [www.pge.com/myhome/erebates](http://www.pge.com/myhome/erebates). You will need to refer to your PG&E bill and proof(s) of purchase. Incomplete applications cannot be processed.
- Include** proof(s) of purchase.
- Sign** the application.
- Make copies** of all documentation for your records.
- Mail** your completed application and enclose the proof(s) of purchase as soon as possible, since rebates are limited and awarded on a first-come, first-serve basis. All rebate applications must be postmarked or received online no later than 60 days after purchase date.

A rebate check is generally mailed six to eight weeks after PG&E receives a completed application including all required documentation. Sign up for "My Account" at [www.pge.com/myaccount](http://www.pge.com/myaccount) to check the status online.

### Need more help?

For more information on this program, please call PG&E's Smarter Energy Line at 1-800-933-9555, Monday-Friday, 8:00 a.m.-5:00 p.m. or visit [www.waterenergysavings.com](http://www.waterenergysavings.com).

#### PLEASE NOTE:

- Not all high efficiency clothes washers qualify for a rebate. ONLY CEE Tier 3 models are eligible.
- Rebate amounts vary by water agency. PG&E's rebate of \$50 is added to your participating water agency's rebate of \$50 or \$75.
- Details such as rebate amounts and eligible clothes washers are subject to change at any time.
- Water agencies do not offer a rebate on clothes washers that contain silver ion technology. Please see [www.waterenergysavings.com](http://www.waterenergysavings.com) or contact your local water agency for more information.
- Clothes washers that are resale units, leased, rebuilt, rented, received from warranty or insurance claims, exchanged, won as a prize or have had new parts installed in an existing unit, do not qualify.

### TERMS AND CONDITIONS

- To be eligible for a rebate I understand I must be a customer of both PG&E and a participating water agency with active meters serviced by PG&E and a participating water agency.
- I understand the program term is January 1, 2012 through December 31, 2012 or sooner if allocated funds are depleted. New products that are ordered, purchased and installed prior to January 1, 2012 or after December 31, 2012 do not qualify for a rebate. Leased products do not qualify.
- I understand this signed and dated "High Efficiency Clothes Washer Rebate Application Form," all appropriate proof(s) of purchase, and other required documentation as described in this application must be submitted online or sent to PG&E within 60 days to be considered eligible for the rebate. A rebate check for qualifying product(s) is generally mailed six to eight weeks after PG&E and your participating water agency receive and approve a completed application including all required documentation unless an application is selected for an onsite inspection, which may add additional time. An incomplete application cannot be processed for payment. I will allow, if requested, a representative from PG&E, the California Public Utilities Commission (CPUC), participating water agency, or an authorized third party reasonable access to my property to verify the installed product I have purchased before a rebate is paid.
- I have installed a qualifying product and understand the water and energy-efficiency eligibility requirements for each stated product as defined by the CEE Clothes Washer Qualifying Product List.
- I understand I cannot receive a rebate for the same product or equipment from more than one California investor-owned utility or third party energy efficiency program offering rebates, financing or other rebates funded with CPUC Public Goods Charge funds, or from more than one water agency.
- Rebate amount may not exceed purchase price.
- I understand the qualifying clothes washer must remain at the installation site for a minimum of six months after installation date.
- I understand there is a limit of one rebate per household within a five year period for water customers. Multifamily property owners must visit [www.pge.com/multifamily](http://www.pge.com/multifamily) for information on claiming the PG&E portion of your rebate. Contact your local water agency for the Local Water Agency portion of your rebate.
- I understand installation of qualifying clothes washers may not result in lower energy bills or water bills; and PG&E and the participating water agencies do not warrant any clothes washer or installation to be free of defects, the quality of workmanship, or the suitability of the premises for the clothes washer installation. I agree to indemnify and to hold harmless the participating water agencies and PG&E, its Affiliates, Subsidiaries, Parent Company, Officers, Directors, Agents, and Employees against all loss, damage, expense, fees, costs, and liability arising out of or in any way connected with installation of a clothes washer.
- I understand PG&E and participating water agencies are not responsible for items lost or destroyed in transit through the mail or electronic medium. Original applications will become the joint property of PG&E and participating water agencies.
- This program is subject to change or end without prior notice. Offer void where prohibited or restricted by law.

Retain this portion for your records. Return a copy of your proof of purchase and the application to PG&E.
