**Subject:** Yountville Municipal Code Now Available on Town's Website

The Town of Yountville is excited to announce the Town's Municipal Code is now available on the Town's website at [www.townofyountville.com](http://www.townofyountville.com) by clicking on the Town Council Tab/Municipal Code. Once the Code on line has been accessed, individuals will find an easy-to-use Table of Contents, Search Feature for keywords, Statutory References and Code Alert for recently passed ordinances not yet codified into the Code.

Planning Director Tiernan stated "An exciting feature of the updated Code for the Planning Department is the newly codified Chapters of the Subdivision, Zoning, and Design Ordinances which will make it easier for homeowners and developers to review requirements on-line to plan for future projects."

Town Manager Rogers stated "Making the Town's Municipal Code available on line is part of the Council's continued commitment to support technology improvements throughout the organization and enhance communication with the public. Now our residents and those doing business with us will have easy access to research information about the Town's codes at their personal convenience 24-hours a day."

Town Clerk Dahme stated "It's really exciting to finally have the Code on-line noting it is a great, easy-to-use resource for the public and staff. Quality Code Publishing has been a pleasure to work with and has helped to make this long-awaited project a success."
