Subject: Kids Needed To Select Yountville Park Playground Equipment.

Calling all kids. The Town of Yountville Parks and Recreation Services Department needs your assistance in selecting new playground equipment for the Yountville Park. We have put together a display for you to vote on your favorite piece of playground equipment. All you have to do is come to the Parks and Recreation Services Department office which is open Monday – Friday from 8 - 5 pm. You will be given a sticker to place next to a picture of your favorite piece of playground equipment.

We will tally up the votes which will help us decide which piece of equipment will serve the needs of our youth. Voting will begin the week of August 3rd and end on August 14th. Thank you in advance for being a part of the selection.

We need the parents help to fundraise for the new equipment. If you are interested in participating in the Yountville Park Playground Equipment Sub Committee please contact the Parks and Recreation Department at 944-8712. Come be a part of this worthwhile community effort in making the Yountville Park Playground a destination that kids want to visit.

END
