

Yountville Starts With YOU! Take Our Citizen Survey

Want to improve Yountville? The Town of Yountville has partnered with the National Research Center to develop a Citizen Survey. The survey centers on community livability and includes questions about the quality of life in Yountville, local policies, demographics, rating of local government services and resident use of services.

Why are we doing this? Town staff plans on using the results of the survey as a starting point to updating the Town's General Plan, Strategic Plan and Parks & Rec Master Plan. Having residents' opinion on the current status of the Town, and understanding your values will influence the plans and future direction of the Town, and will help us prioritize service delivery.

Residents will receive their survey in the mail and will have the option to fill it out on paper or online. All responses are confidential and will be weighted and analyzed.

Stay tuned...The National Research Center will present their findings at a Town Council meeting this spring.

A Message from Your Friends at the Yountville Sheriff Station:

With the arrival of the rainy season, we would like to remind everyone about headlight usage. Headlights shall be utilized during inclement weather as well as during the hours of darkness. Inclement weather is a weather condition that either (a) limits visibility to less than 1,000 feet or (b) a condition that requires continuous use of windshield wipers due to rain, mist snow, etc. Bottom line? If you have to use your windshield wipers continuously while driving, or cannot clearly see people or objects at a thousand feet due to weather, you must turn your headlights on! As always, we at the Napa County Sheriff's Office-Yountville Station are proud to serve the citizens and visitors of Yountville.
