### What Runs on the Sun, is Eco-Friendly and Water Wise?

It's the new solar panel that regulates the drip irrigation at Oak Circle Park.

If you haven't checked out this new passive park, take some time during your day to enjoy this quiet space.

### Come celebrate our new parks!

On Monday June 20th at 4:30 p.m. the Town will be re-dedicating Yountville Community Park.

On Saturday, July 9th at 9:00 a.m., join the Town to dedicate Oak Circle Park.

### As a Reminder...Water Conservation Regulations are Still in Effect

The State of California is still in a drought! As a reminder, watering is limited to two days per week:

**Even addresses** can water on **Mondays** and **Thursdays**.

**Odd addresses** can water on **Tuesdays** and **Fridays**.

Watering is prohibited during the hours of 10:00 a.m. to 6:00 p.m.

Note: The Town will review revising restrictions after 60 days evaluation of water conservation efforts.

Here's a tip: watering in five (5) minute increments with four (4) hours separation is a good practice.
