

Yountville Cross Road Project Update

Did you know that Yountville has the best street/road ranking in Napa County? And our rating will only improve when we improve Yountville Cross Road. The project has two phases; the first phase is the water main and service lateral replacement. This project will replace the main line and each service lateral at the homes serviced by this line, as well as the fire hydrant service lines and hydrants.

The second phase consists of the street reconstruction and will consist of grinding up the existing pavement and then placing new asphalt-the result will be a pothole free road! Argonaut Constructors is the project contractor with a cost of \$706,000. The completion date is anticipated to be the end of September.

To help you plan ahead: Project working hours are from 9:00 a.m. to 5:00 p.m. Monday through Friday. There will be short (15 minutes) traffic delays due to one lane with traffic control. Motorists are advised to use alternative routes to avoid delays. Each evening the road will be re-opened to normal travel. For updates, stay connected with the Town on social media and don't forget to sign up for Nixle alerts at www.nixle.com

Madison Street (in between Yount and Jefferson) is a good example of what Yountville Cross Road will look like after the paving is done.
