*** Add Additional Pages to Budget if needed**

~~Please answer the following questions as they apply to your project. Responses are limited to 5 pages at 12-point font including drawings and photographs. Please include page numbers on all pages.~~

1. Describe your project, including objectives and goals, and explain how your project will meet these goals.

Include the following:

- Who will benefit from the project and how many people are expected to be impacted by the project?
 - Describe any approvals and permits needed and obtained for your project.

2. What is your outreach plan? Please explain how your project will be open and accessible to the community.
 3. Describe the community support for your project.
 - a. What organizations, non-profits, resident groups are involved with the project?
 - b. What roles are they playing and describe how collaborative the project is?
 - c. What other support exists for your project?
 4. Is there ongoing maintenance required for your project? If so, what is the plan for maintenance and who is going to be responsible?
 5. Projects should reflect environmental consciousness regarding materials, energy, and conservation. Please describe how your project will meet this goal.
 6. Project Budget: Grant requests may not exceed \$ 20,000. Please explain how the requested funds will be used, how the cost estimate was determined and the status of matching funds. This section is in addition to the cost estimate form.

Mower Shed - Yountville Pioneer Cemetery

1. Describe your project, including objectives and goals, and explain how your project will meet these goals.
 - a. The objective is to build an 8 foot by 12 foot shed to store the riding mower.
We purchased the mower from the Yountville Baseball group and we need to store the mower from the elements and to prevent theft or vandalism to the mower.
 - b. The second objective is to safely store the mower on site which will allow us to maintain the property better and more frequently.

Include the following:

- Who will benefit from the project and how many people are expected to be impacted by the project?
 - c. All visitors and citizens will benefit from our ability to store the mower because it will allow us to maintain the property better and more frequently.
 - o The beneficiaries can include all people who use or visit the cemetery because the site will have a more aesthetically pleasing landscape.
 - Describe any approvals and permits needed and obtained for your project.
 - o There are no permits or approvals needed for this project.
2. What is your outreach plan? Please explain how your project will be open and accessible to the community.
 - a. An informational article in the local paper will inform the community about the new shed and mower and how the funding was sourced for this project.
 3. Describe the community support for your project. The YPC board has contacted volunteers who have committed to the project. Current board members have professional experience in construction and will aid in the building of the shed.
 - a. What organizations, non-profits, resident groups are involved with the project?
The YPC.
 - b. What roles are they playing and describe how collaborative the project is?
We have one person coordinating the design of the shed and another is acquired estimates for materials needed. We have other board members completing grant fund application for expenses. We have other board members and volunteers committed to helping acquire materials and to help build the shed.
 - c. What other support exists for your project? For this project only board members and a few volunteers associated with the YPC.

4. Is there ongoing maintenance required for your project? If so, what is the plan for maintenance and who is going to be responsible?

a. There may be periodic maintenance/cleaning that the Board of Directors of the YPC will budget for and perform when necessary.

5. Projects should reflect environmental consciousness regarding materials, energy, and conservation. Please describe how your project will meet this goal.

a. Using natural materials for the shed will reflect environmental consciousness.

6. Project Budget: Grant requests may not exceed \$ 20,000. Please explain how the requested funds will be used, how the cost estimate was determined and the status of matching funds. This section is in addition to the cost estimate form. n/a
