## **Introduction**

The Town of Yountville is undertaking a Park and Recreation Master Plan to determine changes or areas of improvement to programming and facilities.

Town staff has recognized from the beginning that community outreach and input are essential to the success of this planning effort. Therefore, to accomplish this part of the planning process, the Town contracted with Regional Government Services (RGS) to gather information from stakeholders to guide the development of this important effort.

The process of engaging the community started in May this year with the development and release of an informational survey (Appendix A). The study, which ran until August, is being used to inform the plan and support a community-wide meeting to add additional thoughts and ideas to be included in the master plan.

Combined, these elements will ensure that the final Park and Recreation Master Plan for the Town of Yountville are in alignment with community needs and desires.

The following information is a summary report of the survey and the public meeting held on September 26 at the Yountville Community Center. This report should not be considered definitive or wholly interpretive of the data. However, all information gathered by this process will be fully considered by the Parks and Recreation Commission and the Town Council for inclusion in the final plan.

## **Survey Design and Summary**

RGS carefully designed the survey in consultation with staff to ensure that the right questions were being asked to elicit the information needed to support the master plan development. The survey was distributed for completion both electronically and on paper.

A summary of the results was prepared to present at the community meeting and is available in Appendix B. In addition, a complete set of responses is available in Appendix C.

Surveys were completed by 186 individuals, with 78% being Yountville residents, 16% being unincorporated county residents, and 2% being from St. Helena.

The 186 surveys returned represent a 7% margin of error. The margin of error means the difference in percentage points between your results and the real population value. It is denoted as a tiny percentage allowed for slight miscalculation. In this survey, the 7% margin of error gives a 95% accuracy rating to the questions answered and is considered statistically valid.

The survey was divided into questions focused on parks and facilities and addressing programs and services. Information was gathered with both multiple choice/forced ranking questions (e.g., Which of the following programs and services are the most valuable to you and your family? Check all that apply) and open-ended questions (e.g., What classes or events would you like to see offered that are not offered currently?). Up to twenty people responded to the open-ended questions.

## **Parks and Facilities**

The favorite park or facility used by community members was determined by analyzing the total reported daily and weekly visits. With this methodology, the top parks visited were identified as Veteran's Memorial Park (52%), Yountville Community Park (54%), and the Yountville Community Center (41%). These percentages were well above all other parks and facilities.

When asked which parks and facilities they visited most frequently, those who completed the survey provided answers consistent with the initial findings, with the notable inclusion of Vineyard Park and Bardessono Park.

When community members were specifically asked an open-ended question, why these parks were favorites, park aesthetics, activities, and convenience of location were themes that emerged in survey responses.

Considerations for identifying favorite parks included passive use (open space, aesthetics), walking distance, and playground equipment.

When respondents were asked what they would keep the same or improve in parks and facilities, themes included a dog park, better access to resources for citizens, and more programming facilities for children and families. In addition, respondents would keep park and facility maintenance and programming the same.

When asked about barriers to using parks and facilities, participants noted that nothing stopped them or that personal time was a limitation. The lack of a dog park was also identified as a barrier to use.

## **Programs and Services**

A wide range of responses was received by survey participants when they were asked about programs and services that were most valuable to them.

Overall, Golden Ticket programs and services were highly valued (79%), along with exercise and programs like arts, crafts, and music. Education programs were also valuable, along with children's programs, gardening, excursions, wine and food, and table games.

Community events like Music in the Park (78%), Town and tree lighting (76%), and residents' bash (64%) were also included as valuable.

When asked what programs respondents would like to see more of, themes in their responses included excursions, more events, open gym time, and an effort to target wider audiences.

Participants also responded to the question, "What are programs and services we want but are not currently offered?" Replies included access to a swimming pool, children's programs, family-friendly events, and more exercise classes.

Barriers to using programs and services included "nothing" as a response (34%), inconvenient times and locations (23%), and a lack of familiarity with programs (17%).

## **Public Meeting Design and Summary**

The meeting at the Yountville Community Center on September 26 was attended by over 40 individuals who generated an enormous amount of information and data.

This portion of the report describes the public meeting process and analyzes the data collected in the public meeting. All responses generated from the community meeting are included in Appendix D.

The process used for the public meeting is a modified version of the World Café Model. This process, developed by Juanita Brown, allows participants to engage each other through a range of questions designed to address a specific topic. This process was selected for its energetic and conversational style that builds on the natural cross-pollinating and idea-sharing that happens among groups of individuals who are provided the opportunity to focus their best thinking.

The process was also selected as a structure that prevents single groups or individuals from dominating the conversation and generates significant amounts of information.

Before the Café, invitations were distributed through various means including newspapers, social media, e-mail, and word of mouth. The focus of the outreach effort was to gather a wide range of individuals with multiple perspectives about park and recreation facilities and programs. The success of this effort was demonstrated by the attendance of participants representing the population of Yountville.

The meeting began with a presentation of relevant information gleaned from the community survey that preceded the public forum (Appendix B).

Once the information was presented, four different questions focused on this information were provided to groups of participants seated at round tables.

Twenty minutes were allotted for each question with an assigned scribe capturing information. The information generated from the four questions was posted in galleries that were visible to everyone. After each question, participants were asked to move to a different table and sit with other participants whom they had not met. Once introductions

were made, the next question was offered, and conversations began again.

The questions posed and the answers given will be used to report on outcomes from this process. Each question will also include a "word cloud. Word clouds are a visual representation of the information collected that allows for a quick interpretation of the highlights and priorities in each question. The more times a single word is used, the larger it appears in the graphic.

**Question 1. What did you hear? After hearing the presentation on the survey outcomes, what stood out for you? What are the top five most important items?**

Several positive responses were provided to this question regarding the quality and quantity of services the Parks and Recreation Staff provided.

Changes in programs spoke to the need for more youth programs, which raised questions about the demand for these kinds of programs for younger segments as the senior population is most prevalent. Other programmatic needs spoke to a need to create flexible hours for those who work, more programs for men, and more programs focused on different segments of the population (teens, singles, couples, etc.). Others referenced group activities focused on specific areas of active interest, including tennis and cycling. More outdoor exercise programs were also referenced.

In terms of facilities, multiple references were made, identifying the need for access to swimming pools (7) and dog parks (17) as a high priority. In addition, some reference was made to past efforts to locate dog parks in the city and the challenge of locating this type of facility in acceptable areas.

The swimming pool was referenced as existing but not accessible.

Finally, some questions were asked about the validity of the survey and whether it was genuinely representative of community demographics. Several requests for more demographics were also made.

The following is the word cloud for this question.

**Question 2. What have we missed? In terms of improving providing park and recreation programs, services, and facilities communication, what do we need to do more of?**

Several comments regarding facilities included mile markers for walking trails, trail markers, historical markers, (7) and shade shelters (4) at parks.

Programmatically, many comments focused on programs that could attract veterans from nearby facilities to participate. Several comments also identified more excursions (4 mentions), music (5), movies (5), and other popular community events as desirable and not captured in the survey information.

Comments about lowering the cost of Golden Ticket programs or subsidizing the cost of programs were received (5). After-hours programs were also identified as desirable (4). These comments also included staff availability during off hours as being helpful.

Some participants also requested that educational programs be offered on Zoom (3). Participants also identified a balance between age-appropriate and gender-inclusive and parent-children programs as desirable (9).

Following is the word cloud for this question.

**Question 3.** What are the top three to five actions I believe matter most in serving our community from a park and recreation perspective?

In this question, participants were asked to identify specific actions that should take place to address areas of interest expressed by survey respondents and meeting participants.

Prioritizing activities to favor residents was suggested (2), along with a sliding scale for program payments and free program access for seniors (3).

Developing a drop-in" center that included card and board games and computer access with staff support was also a desirable action (2).

More information on park and recreation services was suggested, along with the publication of maps that showed parks, available services at the parks, and trails in and around the community (3).

Strong encouragement was given to support the current status of park maintenance.

Following is the word cloud associated with this document.

**Question 4.** What are the themes and patterns you see running through the information that has been collected?

In this question, participants were asked to leave their tables and view the entire body of information generated through the meeting. The data was posted in galleries covering several square feet with approximately 25 pages of flip charts. Next, participants were asked to identify the overarching themes and patterns in the information. This final question was debriefed with the whole room, with all participants hearing all answers.

Beyond those items previously identified, participants also identified themes associated with the importance of community gatherings and events for all population segments.

Themes expressing great appreciation for Park and Recreation staff and the amazing community of Yountville were present, along with a desire to supplement staff with volunteers.

The word cloud for this question follows.

A final question was presented to participants asking them to comment on the meeting using a single word. Words used included fun, informative, dynamic, and helpful.

The Yountville Community Process was successful in several ways. First, the meeting allowed community members to become familiar with the developing Park and Recreation Master Plan and provide significant input that will be incorporated into the final outcomes. This gathering also allowed the community members and associated staff to have their work viewed and validated by the community.

The meeting also clarified the vision and values that the broader community has for developing, maintaining, and sustaining Park and Recreation facilities and programs. This community input process is an excellent example of how a community benefits when an open, well-planned, well-attended meeting supports citizen involvement in creating a viable future for the Town of Yountville.

## Appendix A

### Town of Yountville Parks and Recreation Department: Community Survey

The Town of Yountville desires an inclusive process to evaluate community needs and to document the history and assess the current conditions of the Town's parks and recreation facilities and programs while planning for the future. This plan will be the first of its kind for Yountville and will act as a historical document as well as a planning tool for the next ten years.

Please support this important process by participating in the following survey.

<b>1. What is your residency?</b> <input type="checkbox"/> Town of Yountville (within Town limits) <input type="checkbox"/> City of Napa <input type="checkbox"/> Unincorporated Napa County <input type="checkbox"/> St. Helena <input type="checkbox"/> Other (Please Explain)	<b>How long have you been an area resident?</b> <input type="checkbox"/> One year or less <input type="checkbox"/> 1-5 years <input type="checkbox"/> 5-10 years <input type="checkbox"/> 10-15 years <input type="checkbox"/> 15-20 years <input type="checkbox"/> 20 or more years
---	--

<b>2. What is your favorite Yountville Park or facility? (please select all that apply below)</b>	
Bardessono Park	<input type="checkbox"/>
Forrester Park	<input type="checkbox"/>
Hopper Creek Pocket Park	<input type="checkbox"/>
Oak Circle Park	<input type="checkbox"/>
Three Weirs Park	<input type="checkbox"/>

Please explain why this is your favorite park or facility.

3. Which of the following programs and services are the most valuable to you and your family? Check all that apply)

**Golden Ticket Activities**

- ☐ Golden Ticket Program as a whole
- ☐ Golden Ticket Golf
- ☐ Golden Ticket Chair Fitness
- ☐ Golden Ticket Laughter, Learning, and Crafting
- ☐ Golden Ticket Master Gardeners Series
- ☐ Golden Ticket Preventing Injuries & Falls
- ☐ Golden Ticket Stretch for Goodness
- ☐ Golden Ticket Tai Chi
- ☐ Golden Ticket Ukulele Beginner
- ☐ Golden Ticket Zumba
- ☐ Golden Ticket Yoga

**Exercise and Sports**

- ☐ Balance & Core
- ☐ Chair Yoga
- ☐ Corn Hole
- ☐ Gentle Yoga
- ☐ Open Gym Basketball
- ☐ Open Gym Pickleball
- ☐ Pickleball Lessons
- ☐ Zumba
- ☐ Jazzercise

**Arts, Crafts, and Music**

- ☐ Art Walk Tour & Lunch
- ☐ Beginning Ukulele
- ☐ Flower Arranging
- ☐ Goat Milk Soap
- ☐ Knitting.
- ☐ Laughter, Learning, and Crafting
- ☐ Painting Workshops

**Children's Programs/Activities**

- ☐ Camp Yville (Summer, Spring, Winter and Turkey Camps)
- ☐ Morning Play Group
- ☐ Touch a Truck Program

**Gardening**

- ☐ Concrete Planters and More
- ☐ Succulent Garden
- ☐ Master Gardeners Classes

**Excursions**

- ☐ Art Museums
- ☐ Musicals
- ☐ Theater
- ☐ Sporting Events
- ☐ Tourist Destinations (Monterey, San Francisco)
- ☐ Unique Tours (Filoli, Holiday Light Tour)

**Wine and Food**

- ☐ Cooking for One or More
- ☐ Wine Time

**Education**

- ☐ Internet Protection - Do's and Do Not's
- ☐ Life Writing
- ☐ Pet First Aid
- ☐ Writing for Beginners and Beyond
- ☐ Page Turners
- ☐ Current Event Discussion Group

**Community Gatherings & Events**

- ☐ Residents Bash

**Arts, Crafts, and Music (continued)**

- ☐ Paper Marbling
- ☐ Shibori Class

**Table Games**

- ☐ Bridge Group

- ☐ Annual Camp Out
- ☐ Movies in the Park
- ☐ Music in the Park
- ☐ Town and Tree Lighting
- ☐ Halloween Carnival
- ☐ Egg Hunt
- ☐ Senior Bingo

4. Which of these offerings would you like to see more of?

5. What classes or events would you like to see offered that are not offered currently?

6. Please check all the items that prevent you or your family from using Yountville Parks and Recreation PROGRAMS:

- |  |  |
|--|--|
| <input type="checkbox"/> I'm unfamiliar with the program available   | <input type="checkbox"/> I do not feel safe                          |
| <input type="checkbox"/> Fees are too high                           | <input type="checkbox"/> Not accessible for people with disabilities |
| <input type="checkbox"/> Prefer to use program somewhere else        | <input type="checkbox"/> Registration for programs is too difficult  |
| <input type="checkbox"/> Inconvenient times/locations                | <input type="checkbox"/> Poor customer experience                    |
| <input type="checkbox"/> Programs are full                           | <input type="checkbox"/> Quality of programs                         |
| <input type="checkbox"/> Programs lack the right equipment/amenities | <input type="checkbox"/> Nothing--I am a regular user                |
|  | <input type="checkbox"/> Other (please specify)                      |

7. Please rank the following in order of priority Yountville parks should...	(1= highest, 5=lowest)				
	5	4	3	2	1
Have passive uses that are open to the whole community (open lawns, forested areas, trails, picnic areas)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Have active use areas for organized sports	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Have playground equipment	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Have reservable picnic areas for events paid through user fees	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Be within walking distance of my residence	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

8. Please check all the items that prevent you or your family from using Yountville Parks and Recreation **FACILITIES** (Parks, Paths, Community Center).

- |   |  |
|---|--|
| <input type="checkbox"/> I'm unfamiliar with the facilities available                   | <input type="checkbox"/> I do not feel safe                          |
| <input type="checkbox"/> Fees are too high  | <input type="checkbox"/> Not accessible for people with disabilities |
| <input type="checkbox"/> Too crowded  | <input type="checkbox"/> Poor customer experience                    |
| <input type="checkbox"/> Too many events  | <input type="checkbox"/> Quality of facilities                       |
| <input type="checkbox"/> Prefer to use private facilities or facilities in other cities | <input type="checkbox"/> Nothing--I am a regular user                |
| <input type="checkbox"/> Facilities lack the right equipment/amenities                  | <input type="checkbox"/> Other (please specify)                      |

9. What would you like to keep the same regarding Yountville Parks and Recreation facilities? (Parks, Paths, Community Center).

10. What would you like to improve regarding Yountville Parks and Recreation facilities? (Parks, Paths, Community Center).

## Appendix B

# Town of Yountville

## Parks and Recreation Master Plan

# Welcome

- ▶ Introductions and Agenda
- ▶ Introduction to World Cafe

## Desired Outcomes

- ▶ Gather your input and thoughts about the future of Park and Recreation Facilities and Programs
- ▶ Identify high-impact Projects.
- ▶ Define actions that will create a desired future.
- ▶ Discover new ways of communicating and gathering information.

## Café Etiquette

- ▶ Focus on what matters
- ▶ Contribute your thinking
- ▶ Speak your mind and heart
- ▶ Listen to understand
- ▶ Link and connect Ideas
- ▶ Listen together for insights and deeper questions
- ▶ Play, Doodle, Draw – writing on table is encouraged
- ▶ HAVE FUN

## How it Works

- ▶ Introduce each other briefly
- ▶ Answer each question in open conversation
  - Scribe takes bullet point notes on flip chart
  - Others -converse, draw, doodle have fun
- ▶ When directed everyone but Table Host move to new table (quickly)
- ▶ Table Host gives brief summary of previous table conversation - Other participants briefly report on their conversation - All answer new question
- ▶ Repeat

## Responsibilities

- ▶ Participants
  - Participate as fully as possible
  - Be here - trust the process
  - Stay focused -Move Fast
- ▶ Scribe - bulleted Notes
- ▶ Table Host
  - Tell the story
  - Facilitate as necessary
  - Support the process

## Background

- ▶ Survey was developed in anticipation of a Parks and Recreation Master Plan
- ▶ Survey was distributed both electronically and on paper

## Survey Completion

- ▶ 186 Surveys Completed
- ▶ 78% - within Town limits
- ▶ 16% - unincorporated Napa County
- ▶ 2% - St. Helena

## Favorite Park or Facility

Bardessono Park	8.2%
Forrester Park	18.8%
Hopper Creek Pocket Park	8.2%
Oak Circle Park	16.4%
Three Weirs Park	2.4%
Toyon Terrace Tot Lot	5.3%
Van De Leur Park	30.0%
Veteran's Memorial Park	52.2%
Vineyard Park	25.1%
Yountville Community Park	58.0%
Yountville Community Center	41.5%

## Favorite Park or Facility

Bardessono Park	8.2%
Forrester Park	18.8%
Hopper Creek Pocket Park	8.2%
Oak Circle Park	16.4%
Three Weirs Park	2.4%
Toyon Terrace Tot Lot	5.3%
Van De Leur Park	30.0%
Veteran's Memorial Park	52.2%
Vineyard Park	25.1%
Yountville Community Park	58.0%
Yountville Community Center	41.5%

## Parks and Facilities Visited Most Frequently

- ▶ Veteran's Memorial Park
- ▶ Yountville Community Park
- ▶ Yountville Community Center
- ▶ Vineyard Park
- ▶ Bardessono Park

## Favorite Parks - Why

- ▶ Aesthetics
- ▶ Activities
- ▶ Convenient to where I walk/exercise

## Priorities for Parks

- ▶ Passive uses
- ▶ Within walking distance
- ▶ Playground equipment

## Parks and Facilities

### Keep the Same

- ▶ Maintenance
- ▶ Programming

### Improve

- ▶ Dog Park
- ▶ Better access to fitness resources
- ▶ Programming/facilities for children and families

## Parks and Facilities

### Keeps you from using facilities

- ▶ Nothing
- ▶ No dog park
- ▶ Time

## Most Valuable Programs/Services

- ▶ Golden Ticket Program (as a whole)

### Exercise

- ▶ Balance and Core
- ▶ Gentle Yoga
- ▶ Pickleball Lessons
- ▶ Corn Hole

## Most Valuable Programs/Services

### Arts, Crafts and Music

- ▶ Art Walk Tour
- ▶ Flower Arranging
- ▶ Painting Workshops
- ▶ Laughter, Learning, Crafting
- ▶ Knitting

## Most Valuable Programs/Services

### Education

- ▶ Internet Protection
- ▶ Life Writing
- ▶ Pet First Aid

## Most Valuable Programs/Services

Categories where all programs and activities were rated highly:

- ▶ Children's programs
- ▶ Gardening
- ▶ Excursions
- ▶ Wine and Food
- ▶ Table Games

## Most Valuable Programs/Services

### Community Events

- ▶ Music in the Park
- ▶ Town and Tree Lighting
- ▶ Resident's Bash

## Programs

### Want to see more of

- ▶ Excursions
- ▶ More events
- ▶ Open gym/game time
- ▶ Wider “target” audience

## Programs

### Want and are not currently offered

- ▶ Access to a swimming pool
- ▶ Children's programming/Family friendly events
- ▶ More exercise classes

# Programs

## Prevents you from using Programs

- ▶ Nothing
- ▶ Inconvenient times/locations
- ▶ Unfamiliar with programs
- ▶ Programs don't interest me

## Question # 1

What did you hear? After hearing the presentation on the outcomes of the survey, what stood out for you, what are the top five most important items?

## Question # 2

What have we missed? In terms of improving providing park and recreation programs, services, and facilities what do we need to do more of?

## Question # 3

What are the top three to five actions that I believe matter most in serving our community from a park and recreation perspective?

## Question # 4

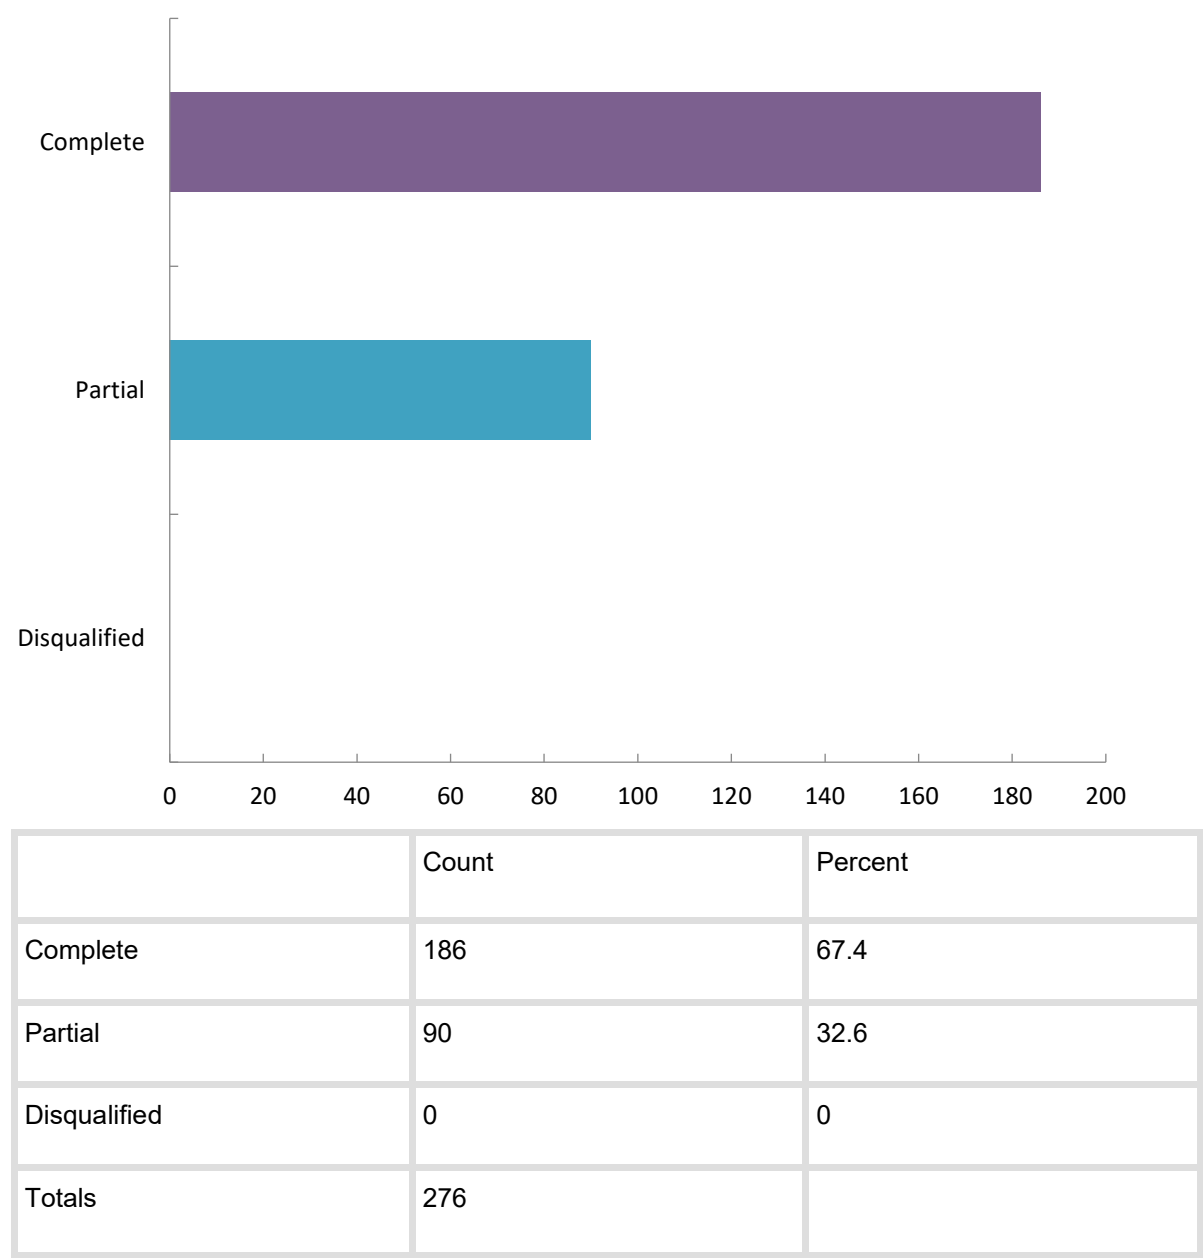

What are the themes and patterns that you see running through our conversations?

**5. Please explain why these are your favorite parks or facilities.**

ResponseID	Response
21	They are part of my regular walking routes. I also like the improvements such as exercise equipment, bocce and options to take a picnic lunch or meal to the parks with friends and neighbors. I also like the pathways that connect the parks.
27	Well kept and local shops that surround
28	Yountville has the most community offerings of classes around the entire county! The Golden Ticket program offering so many options for seniors, Yountville park and rec never misses an opportunity to celebrate and facilitate events and holidays. The energy that exudes from the parks and recreation inclusion to the community is so welcoming. The commitment and creativity that Jennifer brings to offer something for everybody is such a great asset to the programs and community!
33	They offer beauty and space to enjoy my leisure walks or activities
36	They are clean, well maintained and I like the events held at Yountville Community park we should have them all the time there . At least once a month at that park with large community events would be great.
37	Lots of activities in the parks. Pickleball, bocce, concerts and Town activities. Enjoy sculptures and gardens at Van de Leur park.
42	Open space, trees, games, concerts, picnics, free activities with friends & family. Natural beauty
43	Daily walks are made very enjoyable as I pass through through the beautiful landscapes, taking in the variety of plantings, smelling the flowers.
47	good for children....memories of "old" Yountville
48	Shady, welcoming, clean

50	Daily walks in peaceful venues
54	Very quiet and open
55	I love both Yville community park and Vets parks for there openess. Vets park provides bocce, volleyball, cornhole league. All the parks are beautiful and prestine. Yountville Community center is a great facility for all types of events and recreation classes. Great parking. The outside patio area is perfect for smaller events and secluded.
61	When I am mobile I love visiting the community Center library and my buddies in park n rec yountville community park perfect for parties veterans park lovely for pet blessing
67	Aesthetics and bocce
68	I personally visit parks in conjunction with running/walking/exercise..as opposed to sitting..so prefer "larger" and "connected to trails"
71	I love the community center because it feels like the heart of our town. I love the activities (like Jazzercise), the library and the events. It's nice to sit on the plaza and I love the friendly faces that greet us any time we go. We love Forrester Park because it's a quieter, less busy park where the kids get creative with their play and the field is great for sports. It's an easy walk within our neighborhood. It's beautiful and clean. Sometimes I wish there was a bathroom there.
74	Van De Leur Park has beautiful art work, Veteran's Park is a lovely walk through as well as Bocce courts, Vineyard is a lovely walk, Yountville Community is always inviting, friendly, and filled with good people.
78	We love the Yountville Community Center (camps, sports, events, trips etc..) the Yountville Park is always on our list because of our kiddo, (shade, events, playground , bathroom etc...) Veterans Park is great for events and outdoor concerts.
82	I enjoy the library and facilities for classes. The park is great for kids and families.

84	Close to home and very well maintained.
85	1. I enjoy walking through Town, and stop at the parks along the way to exercise or just enjoy the ambience. 2. Van De Leur Park is probably my favorite, as it is so peaceful and calming that I generally stop here to practice Tai Chi. 3. Oak Circle Park is important to me because I use the exercise equipment several times a week, and the view is so calming. Veteran's Memorial park is a center for all sorts of activities, from Bocce to Music in the Park. It also forms the southern point of my walk through town.
86	Because, without them, Yountville would be cold.
91	For exercise walking, bocce, visiting friends, and parks and rec events
94	They're lovely and well maintained. Nice stopovers on my daily walks. BTW, never heard of Three Weirs Park!
95	Center to town, fun elements, walking convenience to everything
104	Van de Leur is just so beautiful, we make sure that we walk through it when we can.
107	Our family loves the play equipment, shade, and walking path at Forrester Park, although the play equipment could use an update. We also love Yountville Park, as long as the play equipment is in the shade. It's just too hot in the middle of the day. Vineyard Park is down the street from our house and we just love to go there and watch the hills or walk through it.
109	When our child was young our family visited Yountville Community Park and Toyon Terrace Tot Lot every month. Both playgrounds and grassy areas are wonderful for children and families. A non-profit organization we're a part of has gathered for potlucks at Veteran's Memorial Park and enjoyed the Bocce courts. Y-ville's community center is beautiful, we attended special event children's programs there when our child was young, and I served as a contract class teacher for a couple of years. We haven't spent time in Yountville in recent years, now that we have a teenager and I teach for Napa Parks

	Rec.
110	Tennis and basketball
111	Activities in town near community hall & scenery at Vineyard Park
118	Art shows and exhibitions, open space
119	openness, shaded tables & facilities.
120	I walk daily and the parks with the most flowers are my favorites. We live on Heather Street- the town planted the berm across the street from our house next to the creek with gorgeous manzanitas. Over the years they have died and both ponds at either end of the creek always look in disrepair. I would like the town to address the dead manzanitas, the tree they cut down but didn't take out the stump, etc. it used to be a nice area but now it looks terrible.
121	Close to Home. And on my walks.
122	The Yountville Community Park is beautiful with all the redwoods, trees and foliage. I love to come here and unwind with my husband on most nights during the week. It is also a great place to walk my dog and visit with neighbors. The weekends get pretty busy and we try and stay away. Our favorite time to visit the park is during the week when it is not as busy. The Veterans park is our second favorite. We love to go there for music in the park. It is a beautiful park with the redwoods and also provides lots of shade. The Van De Leur Park is our third favorite park. It small but very charming and relaxing.
124	They are the least, white supremacist, heteronormative, cis-gendered facilities.
128	Every one is different, all in walking distance
129	Walk the dogs every day
132	On my walks I will stop and enjoy the beauty, nature and tranquility!

133	These parks are on our various walking routes, play on the bocce league, use playground with grandchildren.
135	Preference
137	Van de Leur Park is beautiful. We try to walk through it when we are out on our daily walks. Otherwise we walk through most of the other parks but do not necessarily "use" them.
139	Clean, attractive and peaceful !
140	I love to walk and these parks offer a nice spot to rest and enjoy beauty before I continue on my walk.
142	events
144	The landscape used to be so nice in all the parks but in past years has been declining in appearance. I used to love walking around seeing all the beautiful colors or the plans but sense the neglect I just enjoy the birds and people in the parks. Hopefully you can get the parks looking like they used to.
146	I like the amphitheater and walking trail at Veterans Park. Van De Leur Park is very pretty. I like the children's playground at Yountville Community Park
147	Peaceful, great for kids
148	Bocce courts, public events, dog-walking w/shade, on my walking route
154	I am a fan of the exercise equipment and location of Vineyard Park.
155	Pretty setting. Good play structures for kids
156	play pickleball
157	Forrester park is located next door
162	Lots to offer

167	We've never visited any of the parks but we love to take long walks every day in our amazing town and enjoy the beauty of the parks or use the restroom facility if needed.
170	Represent the theme of Yountville
171	- clean - safe - excellent for little kids, picnics, walks, and families
172	We walk our dog twice daily so go through all the parks multiple times each week. We love the Bocce at Veterans and since Yountville Community park is only a couple of blocks from our house we use it extensively to meet up with our friends, especially on Thursday night for our "dog walking" group. It is so sad that a town like Yountville does not have a dog park. There are more dogs in this town than kids. Come on, give them a place to go.
173	I walk my dog and he love sniffing and exploring. We love the water fountain in front of the community center
174	My kids enjoy spending time with their friends who live in Yountville. We ride our bicycles to Yountville from Napa and usually spend part of the day at the parks.
176	Landscaping in all the parks is varied, interesting and overall pleasant to view. Some have water for people and/or dogs, benches to rest on or are the site(s) for various activities.
179	Green grass. Expansive views. Trash cans. Clean. Water.
186	All are good places to walk, with or without a dog.
188	Bocce, Music in the Park, gatherings of friends. Clean, safe, beautiful. Well kept. Art.
189	clean,safe, beautiful. bocce, music in the Park, gathering of friends. art
191	Nice

192	Favorites are Van Der Leer for serenity of sculpture garden and Veterans Memorial Park for bocce and concerts.
194	Yountville Community park at the north end of town is a great park with lots of wonderful play equipment for kids. I also like the big open grass area where people can lay down blankets and enjoy the weather. Forester Park is a nice hidden gem tucked away in a cute neighborhood with the views of the vineyards.
197	Lots of activity at Veterans Park, nice outdoor exercise equipment at Vineyard park, good walking path and bridge at Oak Circle park. Pretty and tranquil setting at Van Der park
201	Located near my house and beautiful views/facilities
210	Great playground, peaceful atmosphere, vineyard views, the roses and sense of calm
211	Yountville Community Park is a big, fun park with something to do for everyone. I also like that there are plenty of bathrooms. Play equipment is nice for the kids and I see many people enjoying the lawn area. This should be the park that the Town uses for events instead of Veteran's Park. Much nicer park.
212	Van De Leur Park is so beautiful. Love to walk my dog through this park. Forrester Park has the gorgeous vineyard views and wonderful grass area for the dogs. My grandkids like to play here.
214	They are along my walking route, and beautifully designed with intimate scale and lovely changes over the seasons.
215	Community Park is my neighborhood park. It still retains its casual feel and has something for all ages. It is Yountville's historic park. It is a shame there is not an "Other" box in this section 3. I visit all the parks on bike rides and walks but not on any regular schedule....I visit more often/completely the parks associated with the walking trails rather than those meant to be neighborhood parks.

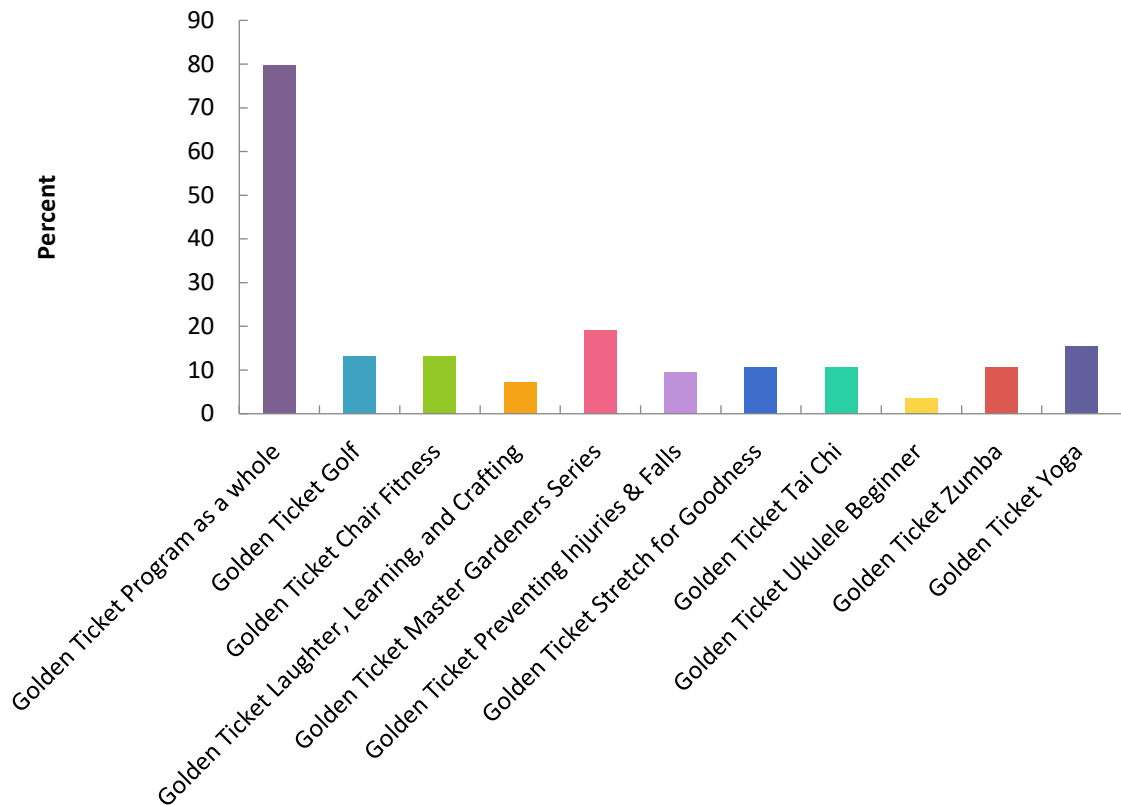

216	Close to home. Shade from the trees and a wonderful place to walk our dog
217	Close to home
218	Proximity to home
219	I have a dog. And we take a lot of walks
222	Best areas for my dog and less congested
227	Vineyard Park over many years. Weddings, picnics on blankets, watching the sunrise over the vineyard. When people let their dogs off leash to run in this park, parents with small children leave, the presence of jack rabbits, fox, coyotes, raccoons, ducks, geese, owls disappear. Its a very special location for people to enjoy in Yountville.
229	These I have picked are inviting to me and meet my choices.
231	I like the open space and views of Vineyard Park for walking my dog. The grounds/lawns of the Vintage Homes is very pleasant for walking also. I also like the garden of Van De Leur Park when on walking. We visit the Yountville Community park when our grandchildren come to visit. We used to use it regularly when our children were small.
232	I enjoy going to the community center to find out what is going on and the events that will be happening. I enjoy using the library and the events it hosts. The parks are pretty and peaceful to visit and it reconnects me with nature by visiting these parks.
233	Location, exercise, walking dog
234	I like walking my dog around town and enjoy the parks
235	Yountville Community Park has something for everybody. Kids and adults alike. YCP is much better than Veteran's Park because it has the playground for kids. Van De Leur Park has gorgeous flowers and art work. Forrester Park is

	secluded in a beautiful neighborhood and has nice vineyard views. Forrester Park could use upgraded water fountain that includes doggy faucet.
237	Places where I can walk my dog
238	Just love to be in this town and say it's beauty
239	Our grandchildren like them and I can get my mobility scooter into the park.
242	My daughter and family live in Washington Park so we are frequently at Forrester Park with kids and dog.
244	I walk my dog frequently and enjoy trying new parks
245	I love the outdoor gym and tennis court. They are beautiful.
250	Location, restrooms, picnic tables
252	I walk weekly thru town & paths thru parks. Weekly @ Bocce and Music Park (Vets), monthly for events @ Community Park and love to walk mostly Van De Leur-flowers, fountains, history-very tranquil!!
253	Pass through these parks on my walks, Music in the Park for Vet's Mem Park
255	I walk around Yountville daily and I love all these parks and facilities as they're on my walk everyday. WE NEED A DOG PARK
257	Events and daily walks
258	Trees, outdoors, tranquility, I might add that the French Laundry Gardens are also sublime.
259	Nice spot for lunch
261	Forrester Park near friends' homes. Nice outdoor facility for picnic gatherings. Yountville Community Center Wednesday bridge and

	special events
262	I use these parks
265	Veteran's Memorial park i close and it lovely. I enjoy the bathrooms and cool drinking water.
266	Bathrooms, walkways, lots of shade, tables and seats for picnicking
268	These are places to enjoy the outdoors!
269	Love being outdoors in beautiful NV & YV
274	They offer a pleasant environment
277	Walking easy to the park from Rancho de Napa!
278	Bocce, events, veteran's memorial Great stopping/rest points whil walking at Van De Leur Hopper Creek Tennis/pickle ball/basketball/workout
279	Events and artwork
280	Where I have the most fun and closest
281	Vet's Park - Bocce - Music in the park - events YCC - Business Y Park - Events Hop Crk - Walking on path - through -
284	Trees, entertainment
286	Lots of great music in the park concerts there
287	Multiple bike paths nice sceneary! Great view valley hills and wineries!
289	These are the parks we're most familiar with since there are events at some of them, art at some and views at some
290	YCC actiities Veteran's bocce, beautiful trees, great party rental facility Van De Leur - just charming

291	YCC activities Veteran's bocce, beautiful trees, great party rental facility Van De Leur just charming
292	Bocce league volley ball courts h20 filtered fountain
295	Exercise at vineyard
296	I enjoy playing bridge on Wednesday in the games Billy Hewitt and athy Loter arrange with the vets, though today (6/8) it was freezing!
297	Beautiful place to walk your dog
298	Nice recreational mix for all ages!

**16. Which of these offerings would you like to see more of?**

ResponseID	Response
21	more excursions and activities some additional evening classes as I still work and not able to make day time classes
33	Movies in Park and Resident gatherings
36	More events at Yountville community park. Lots more and BIG events please
37	Good balance now.
39	Basketball 🏀 Open Gym
42	Coffee kiosk & trees in the plaza, ways to encourage locals to sit and talk, read, play games in the plaza.
49	4th of July fireworks. Activities for people UNDER 55.
50	Excursions
54	I realize there's a lot of elders here in town. love the programs parks and rec offers for them. but kids are here too! must be challenging since elementary school closed but wish there were more stuff for our children!
55	More cornhole league. Love the Giants baseball excursions.
61	I love Giantsssss games most of all. Hope to do some gentle exercise
65	Open gym time Ping Pong, air hockey, horseshoes, shuffleboard Board games, Chess, backgammon etc.
67	Would be great if we could have a community workshop where we could go to learn basic skills using tools, such as refinishing a table, or fixing a drywall patch... just basic home projects. We have a multitude of skills and talent within our elder population and veterans, and I bet they'd

	love to have an outlet where they could share their expertise with young pups who don't have their skills.
74	I would like to see more art offerings; painting; oils/water, drawing, and poetry to name a few. Also, I am sorry to see pickleball become less inviting for everyone and more for the slammers and hard hitters.
78	I love the excursions Coach Jen organizes! Garrett does a great job putting on kids events. We live on Browns Valley Napa and Yountville is our go to family/dog friendly place.
86	All of them
87	None
91	Would like an exercise facility more similar to a gym, e.g., variable weight machines, free weights, and stationary bicycles . A great number of residents have had knee surgery and need to exercise on a stationary bicycle. I've tried the equipment at Vineyard Park and find the machines inflexible as to the strength needed. They provide either too much or too little resistance for me. Vineyard Park is a magnificent location however!
95	I love all of the summer reading program activities for kids. Let's get back to pre-Covid times and book more shows and programs. I enjoyed the walk around tasting and transcendence theater company at tree lighting
107	We are not retired so a lot of the offerings don't apply to us. Our son is too old for Camp Yville now, but we used to love it. We like the holiday events: Halloween, Christmas. Maybe a tennis or pickleball camp for kids and families or any age group at Vineyard Park?
111	Bingo
114	Better exercise programs for the 60 and older
115	gentle yoga

119	Cornhole competition
120	More art and cultural offerings
121	Casual local gatherings.
123	Additional options for games nights - like weekly or monthly bring your fav board games and come play.
124	They are all white supremacist, anti-LGBT , anti-BIPOC activities. There are no anti-racists activities designed to deconstruct the colonial whiteness of Yountville.
130	Music in the park, food trucks
133	No changes needed in my opinion
134	more music events
139	Outdoor activities
140	Events the bring all ages of the community together!!
148	"Soft" exercise, music ( singing & learning musical instrument, r.g. Harmonica), fall prevention, facts about aging
162	More wine events for residents only....or go back to closing WA street for larger events. Otherwise it is too crowded and too long lines, so i quit going
164	Bring back yoga. Love the excursions.
167	We have never used almost any of the offerings and some of them we don't even know what they are. We're active with current events and social media so we are aware of some of the offerings but some are a mystery. We're about to retire so maybe we would use more of the offerings in the future? Something to consider would be to offer some type of a travel opportunity such as a group to travel to another country or a cruise or other destinations.

173	Music
174	Family events
179	Music in the Park.
186	Trips to SF theater, museums, etc
189	music in the park
192	None
193	Resident's Bash and the Festival of Lights.
194	Love the activities where I get to see friends in town that I haven't seen in a long time. Definitely builds a sense of community. Especially nice when we get to enjoy the wonderful food and wine of Yountville. Thomas Keller's event at addendum Gardens was fantastic and although not related to the Town staff per se, would be great to duplicate something like that.
196	Nothing to add.
197	Music 🎵 in the park
201	I think we have a great balance of activities
203	Another level of yoga, gentle is nice but a class for all levels would be great. Also 9 am or later start time would be fabulous.
204	None
210	Would love to see more offerings for those who are too old for the egg hunt and too young for their Golden years.
211	Definitely like the Resident's Bash and the Art, Sip and Stroll. Taste of YV was always a blast. More events like the Taste of YV please!
214	Tennis and sport courts
215	I think the selection of classes and events is substantial for our community--they are varied

	and helpful. I would like to see more outdoor offerings in these times of COVID (we are not out of the pandemic yet!) . I was also disappointed that the town is requiring insurance/business license/paperwork of its instructors which limits classes given by people who are not running their teachings as a business. I wish there were more places in this survey for comments on the questions since the boxes don't always apply. I am not fully retired and can't always participate in classes/offerings--but I appreciate that the staff have been so creative and put in the work to make them happen.
223	Holiday community events
229	Current events group that will actually meet and share time and topics.
235	Would love to see more events at Yountville Community Park. Community BBQ would be fun.
237	Dog Park - ideal location would be the land east/just south of the art museum. The Veterans Home has several shared activities with the town to my understanding, the pool, the baseball field and I believe maybe the dining hall? Hardly anyone uses the art museum and it would be a great activity to include the vets if we could build a dog park in that space. The dog park in Sausalito sits on a similarly shaped/sloped piece of land by a private children's school. Would be great not to have to drive to St Helena and Napa if I want to visit a dog park.
239	Opportunities for disabled people
244	More tours excursions
245	Tennis. Music in the park. Excursions.
246	I would like to see something along the current events class with a good moderator. Perhaps a "lunch and Learn" program which I read about somewhere—folks bring lunch and discuss happenings.
252	Continue flower arranging, adding more gardening classes (Master-thru out entire year and gardening classes. To have variety & with

	supplies I DO NOT mind paying a fee for these wonderful classes & instructors, it is still a fantastic choice of classes for our Residents!
254	Outings to nearby communities for events/lunch.
255	Music in the park and movies in the park.
257	Excursions are great
261	Cooking, adult jewelry making
267	Car shows Softball league (utilize little league field)
269	Music, movies, tree lighting, everything
278	Since we just moved here, the list looks extensive. Keep up the good work.
279	Various painting classes specialized crafts (i.e. shibori) wine cooking
284	Music in the park
285	Love the excursions
286	More wine events More events with music and entertainment
288	Cooking classes Town walking tours
289	We think YV offerings are awesome!
291	Music in the park
292	Movies in the park Volleyball league Yoga in the park
294	More events!
296	More bridge!

**17.What classes or events would you like to see offered that are not offered currently?**

ResponseID	Response
23	Outdoor sports programs, toddler to kindergarten age
27	Swim Lessons?
33	More Corn Hole, DODGE BALL,
36	More large community bike rides and runs and walks. With music and food at Yountville Community park.
42	More exercise classes. Blue Zone eating. Community gardens. More music concerts/performances in Veterans' Park.
54	we miss swim lessons :(
55	More excursions
60	Cooking classes in general; Would be great to have a local chef offer a cooking class for Yountville residents once every month or two.
61	Hmmmmmm. A warriors game next year
67	See above. Would also like to have tennis lessons available. And with regard to our parks, we need a dog park where folks can let their dogs play off-leash.
68	Group running, cycling etc? From an arts perspective - perhaps photography?
74	I would like to see zumba 3 days a week, perhaps a morning walking class, more organized pickleball with lessons for beginners and scheduled times to play for beginners as well as more experienced players. I think the craft offerings are good...Also would like to see more cooking classes etc.
78	I would love to see Saturday kids morning activities....my kiddo is turning 7 and will be

	aging out of the sports activities. We love the camps! Connolly Tanch is becoming more expensive and families are looking more at Yountville activities.
84	It would be great if we could have access to a pool for water aerobics and swimming.
86	Cooking for one
87	None
91	Visiting food trucks - places where locals can routinely find more affordable and varied food. Maybe designate 1 day a week (Tuesday?) at Veterans Park where there will be a different truck each week. Not meant to compete with wonderful restaurants and not meant to detract tourists from those restaurants - but to give locals options they currently don't have.
95	I love Bouchon cookie decorating event at holidays as well. More parent/child events.
107	We would like to see more family-friendly events. Not just for little kids but for middle school age kids and working parents. A Kids Night Out would be great where the kids could all play with Parks and Rec staff at Yountville Park and parents could go out. Family Crafts would be fun either on Friday evenings or Saturday mornings or afternoons. They did rock painting one time that was fun. Or maybe like a paint by number...the drawing is already penciled in on the canvas, say, of one of Yountville's locations or a pedestrian bridge in Yountville and the participants just come in and step by step are taught how to paint it - good for kids - retirees. Could be fun to have a bird house or owl house box making craft event? Fine to charge a fee! But something the whole family could do together that isn't just making junk but something fun and useful.
110	Afib group
111	Ballet, open gym ping pong
114	More arts and crafts,

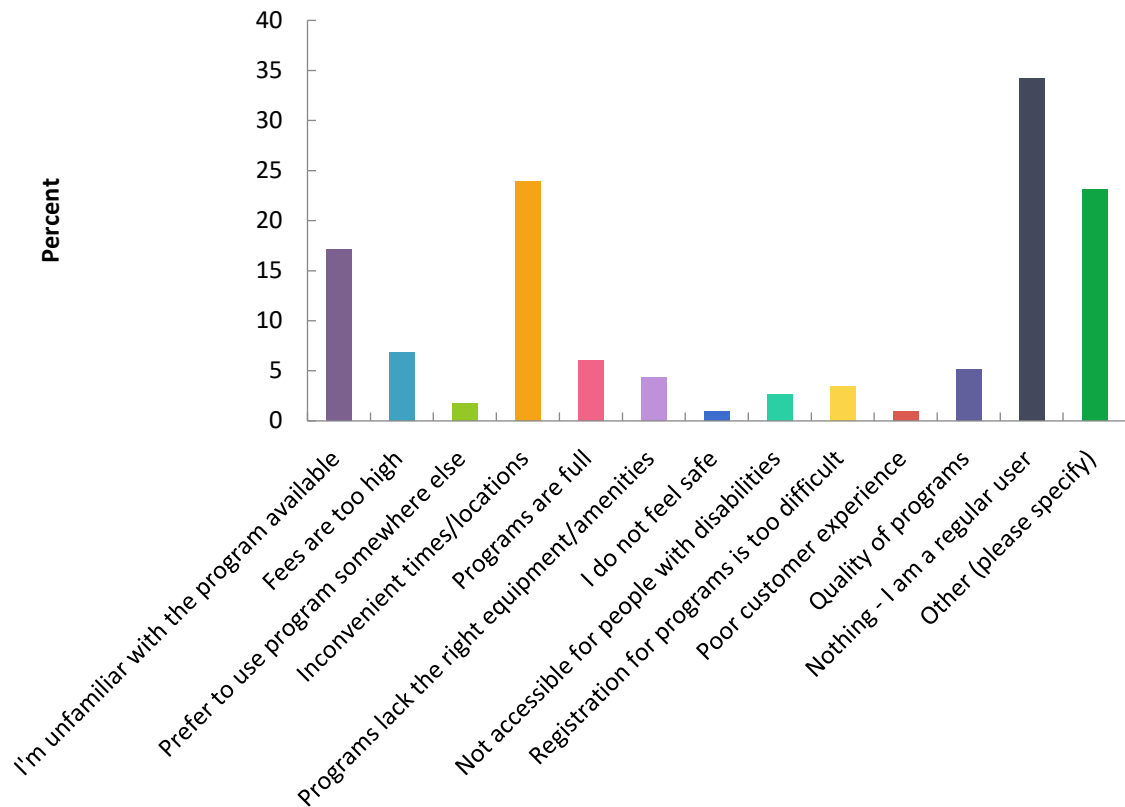

119	touch rugby/soccer (adults & kids) farmers market kids activities in general
120	Strength training with weights
121	I think Parks and Recs does a great job with their offerings.
123	Jewelry classes, adult ballet
124	Compulsory anti-racist programs for all Yountville residents. All Yountville residents should be required to annually attend anti-racist, diversity, equity and inclusion training. Additionally, Yountville Town staff should monitor the resident's compulsory attendance and expel any residents that refuse to attend.
129	Wine and cooking
130	Blood drive
133	It's very well rounded in offerings
134	foreign language classes including sign language
139	Tai chi
140	It's a shame that we don't have access to the Veterans Home pool. It was such a wonderful resource to swimming lessons and family swim.
142	card playing and board games
143	Covered outdoor exercise facilities
148	Safe driving, line dancing & new dance moves, "lunch & learn (own bag lunch w: speakers).
155	Investing class or group to discuss general money topics. Dog care and training class.
162	More cooking classes
164	Mat pilates, language, multi day vacations, barre class, international cooking classes.

167	Not sure
173	Regular yoga. Personal training at the outdoor gym by the pickle ball courts. Either individual or small group
174	More art, music and exercise
179	Floral arranging. Food and wine pairing education. Events: How about a resident and veterans golf cart lighted parade in December?
190	Pilates, meditation, tennis - there are residents who haven't reached their golden years who live in town!
192	None
193	Cooking for one/seniors. Pilates type classes. Larger summer camps for kids. Also, more activities for folks with Grandkids in the area. Maybe a Grandparent/Grandkids activity.
194	Financial investing, anything related to dog ownership. Maybe dog training classes or dog grooming?
196	Father's Day Car Show
197	Bicycle tuning and repair, bee 🐝 keeping
201	How to use a cricut to make projects
203	Hiking club
204	Jogging Tennis Swimming -- we NEED a pool.
210	Pilates, meditation
212	Financial planning for retirement. Doggy care classes (or something like dog agility and training).
215	If the art classes could be more individualized rather than project driven. Where people could learn a form/technique while doing "their own thing". and the art classes could be in a series of

	2-4 at a time. Or have "open art" hours. I would also like the town to continue with ZOOM classes--turns out, they are good for this demographic....
216	Water saving class. How to identify leaks, etc
219	Dog park
224	Annual dog parade (maybe with the annual Pet Blessing first or afterward) Hip Hop dance instruction for seniors (we still like to move to music and to be able to dance with the rest at weddings, etc. Return of the annual Mother's Day weekend Salad Luncheon in the Heritage Room. If it is illegal to host a bring your own salad event like it was, see if the restaurants would participate and charge a fee.
229	Coffee and conversation
237	A public pool that resembles a hotel pool like Solage Calistoga. I would be willing to pay a membership fee not unlike a private gym if the pool was built with a luxury feel vs a public school feeling - I did not use the pool at the vets home because it felt more like a kids summer camp pool.
239	Maybe to just let it be known if something offered is accessible.
240	Food trucks gathered once a month. Like the last Friday of the month. You post a list of trucks and a map of where to find them each month. Rotate them out.
242	I would like to see more fun things for kids to do in Yountville.
244	Art classes where you make your own art,painting,oils, watercolors mixed media. Etc.
245	Spanish language.
246	I don't mean to compare, but a town north of us with an active senior center offers many one day events or classes in collaboration with Napa agencies—Collabria, Senior Helpers, Mentis

	and Blue Zones. These agencies primarily speak to the senior population. I would like to see a social lunch monthly for seniors.
249	Reopen the pool
252	Seasonal cooking classes - ie: Holiday cookies/entertaining/gifts or Summer BBQ classes, breadmaking. Spring/Summer cooking with your vegetable/herb . Beginning Tennis. I enjoy Golf very much!
255	Cooking class
256	Not currently participating....want to begin and learn about the programs.
257	It seems like the golden ticket opportunities should be available to those who don't meet the age requirement.
258	Sewing, book club
261	Line dancing
269	Pilates
278	None I can think of
280	Western Line Dancing
281	Wildlife programs (education) - how to live with wildlife - birds, etc Keeping cats indoors and why How to contact local animal rescue orgs
294	NA
298	Tai Chi

**18. Please check all the items that prevent you or your family from using Yountville Parks and Recreation PROGRAMS:**

Nothing prevents me. Just don't use much.	1
As a senior male in the community, I don't feel many of these programs apply to me.	1
Certain programs don't interest me. For example, technology or an open gym. It was GREAT when we had toddlers, though! We loved the open gym!	1
Feels like it is geared to older residents	1
Getting out and doing it!	1
Gym closed on weekends, holidays, evenings when family available to use after work and days off	1
Have a teen, and aren't retired yet, so not currently participating in offerings	1
I use the programs when they resonate with me. I am glad to have all the variety to peruse but I am not much of a joiner. Would be great if there were a drop in option. Also, even though the locals get a break, if you only want one class on the Golden Ticket--it is not that cheap!	1
I want my child to go to Yville, however it is offered for multiple week families first. I need one week drop ins.	1

I'm too lazy to attend on a regular basis.	1
Inconvenient times for residents who work still	1
Just too busy.	1
Making more time	1
My schedule	1
N/A Love the current programs	1
New resident - just haven't had time to evaluate what's available!	1
New to area	1
Programs don't interest me	1
See above	1
Some instructors not well qualified	1
Transportation	1
Veteran's Park is beautiful and well laid out, except, the tiered seating area could be larger and better laid out to accomodate more people. Lack of defined seating area creates inneficient use of that area. Few people using large spaces forces lots of people to sit outside of the view of the performers.	1
We are below the age of 55, so we don't qualify for a large amount of events.	1
White supremacy.	1
Work commitments prevent me from more frequent use.	1
tennis and basketball are enough. And I bicycle. I also play scrabble privately. and Wordle.	1

I most use the bocce courts for league play and many of the parks as a passthrough on daily walks.	1
Making time	1
More inviting to folks in Napa	1
Need dog park	1
Need transportation to get to and from	1
New to area	1
No dog park so I go to Napa. Also go to Napa with grandkids to use other parks. The only park in YV with good playground equipment for kids is the Community Park.	1
No fenced area for dog exercise	1
See previous comment	1
Shade	1

Some parks like Bardassona and Three Weirs aren't really parks. There is nothing there. I don't see people using these as parks.	1
Sometimes reservation events make it less fun to be in Yountville in general. And sometimes it is crowded with tourists and I prefer to wait until they have thinned out!	1
The pandemic has had the non-profit organization we're a part of not gather for potlucks in parks. We prefer to spend time out in nature in the woods as a family with a teen vs. spending time in community parks.	1
There aren't any - my fault for not taking advantage	1
Too busy. The programs are great.	1
Too many Nazi, white people.	1
We only go to the community center for holiday or community events.	1
Totals	20

**21.What would you like to keep the same regarding Yountville Parks and Recreation facilities? (Parks, Paths, Community Center)**

ResponseID	Response
21	Please keep up the level of maintenance in our parks and pathways. This is nicely done and people appreciate the quality. I like that there is regular updating and trying new ideas for programming, even if not something I might choose to do.
28	Staff, community events and invitations, Zumba, chair yoga, flower arranging and craft classes
31	Cleanliness
37	Very happy with current facilities.
42	Free Music concerts, open space, natural beauty & trees. RO water, cleanliness and landscaping, dog poop bags.
46	Playground, music events, family holiday events
47	Everything
50	Parks, paths, picnic areas
54	love how well maintained the parks are around town!!!
55	Appreciate what you are offering now. Keep it up and the beautiful parks you have. Great staff and customer service is of the highest quality.
61	Maybe an afternoon exercise class ???
68	The tidiness and safety!
74	Basically, the parks are well kept and nice for the residents. The Community center's offerings can be improved but many of the present classes are good...I would just like a wider variety as I specified in previous notations.
78	Yountville is doing a wonderful job! I highly recommend the Parks Department to all of my

	Napa Moms friends and any Seniors I know.
82	Community center
85	Wow, that's tough, since they are already so far beyond any place else I have lived.
87	Just a word of advice. If you really think we as residents know the names of every park, that's not the case. Just letting you know as a longtime resident this survey would be wiser to show a picture next to the name.
91	Love the parks, paths, and Community Center. Hope that these great facilities can be maintained. Would enjoy a path from Vineyard Park/Holly Street that connects with Forrester Park creating more of a circular path for walking.
94	We're very pleased with conditions of all the parks, paths and the Center.
95	Community center is awesome. Love the popcorn on Wednesdays!
107	I like how it seems you have been trying to make a continuous Class I walking trail. It would be VERY VERY nice to have a walking trail along the whole of Hopper Creek as properties become available or residents are amenable to easements. Highlighting our natural resources (Hopper Creek) is SOO important! Also planting oaks and making it feel like California.
109	We live in Napa, just a 10 min drive from Yountville, and hope you are able to continue doing all you do. Recreation Programming and Parks are absolutely essential services for the health and well-being of every community, even more so with schools closing due to low enrollment, pandemic causing isolation, and climate crisis demanding that we protect our large, beautiful urban trees so they can sequester as much carbon as possible and provide shade as heat waves continue to increase. Parks and Recreation funding is essential to keeping communities connected, happy, healthy and safe. Please keep your parks and programs well funded!

110	no real complaints
118	Yountville Art Sip and Stroll, Art Walk
119	locations, Art program, lawn & picnic tables areas
120	Fix heather street path at thr creek (many people walk this daily, it's an embarrassment) up with manzanitas that have died and remove the stump and clean up both duck ponds, they a mess.
121	All.
122	I appreciate the lawns and all the open space at the parks.
124	The entire town should be given to BIPOC people as reparations.
130	Safe, clean, well lit, water stations
133	All are sufficient
135	Everything
137	I am alway impressed with the variety of classes and programs that you offer. That said I am not a participant in many of them, I am just in a different place in life right now and taking classes does not fit in.
140	The high quality of maintenance of our parks. I really appreciate that they are well groomed and inviting!
148	Parks, paths, community center, sports facilities,
162	Overall, a great job! I think the Chamber is over zealous in events to the extent that it is too crowded and too expensive
164	Everything great
167	Walking trails and paths

173	We need a fenced in dog park to be able to have off leash play for well behaved friendly dog. For residents only and hotel guest with dogs.
176	Pretty much everything is fine.
179	Picnic tables at the parks. Bathroom facilities. Water. Bocce courts.
186	Programs and facilities are great.
189	open space, trees, clean, walking paths
190	Please never again sacrifice park and community space for parking. The back in parking situation that happened at Yountville Community Park is a disgrace.
192	No suggestions--keep all existing programs.
193	The parks are well maintained! Keep up the good work.
194	Green grass if possible during the drought. Keep playground equipment in good shape!
197	Love the new pedestrian bridge and pathway behind AdHoc. Please provide some shade for some Oak Circle park tables.
198	please do not turn any of the parks into 'dog' parks
201	I think each park offers a variety of possibilities. Some have playground equipment but if you want a quiet place you can find another park like Oak Circle park to relax...
204	Keep them clean!!!!
210	Cleanliness, variety
215	Community Park could really use some shade at the south end--I would feel more like going there for impromptu lunch if it were more welcoming and not so blazing hot at the tables. I enjoy the lawns at the parks--they are a respite and since individuals can't really have lawns,.. it is great to

	have green grass in town parks. Mostly I think our parks and programs are quite good. I do not think we need more major events in town parks but local spontaneous get-togethers should be encouraged. And fees waved for weekly get-togethers if they want tables.
222	Paths and parks
224	Yountville Art Gallery Open Community Plaza (don't restrict spontaneous uses) Don't increase resident rents on use of these facilities Creativity of the Parks and Rec. staff to hold cool gatherings like the Tutu celebration.
229	I like it like it is.....just wish more people who signed up for Golden Ticket actually attend.
231	Keep up and maintain the landscaping; some places are neglected. Less artwork as it is getting really cluttered and junky feeling in town.
233	All of the above
234	I know that we are in a drought but I would like to keep parks in grass since they are communal spaces.
235	Parks are well maintained. I also like that the restrooms are always clean.
239	Accessibility
242	Keep as much grass as possible in the parks! Kids (and dogs!) need a place to run and play.
245	Tennis court. Walking path. Open green space in town limits.
246	I think we are probably built out with parks and paths which are conducive to walking and enjoying out of doors.
250	Open space, reservable picnic tables, access to activities (bocce ball, etc)
252	Great staff who keep our walking paths clear and full of beautiful flowers to enjoy while exercising

	with our NV views of vineyards. On popular classes (Golf) let YV Residence have 1st priority over Non-Residence.
253	Overall, I feel the facilities are very good.
254	Special events and programs, parks, paths, community center.
255	Community center
256	Not enough experience with the program to say.
257	It was nice to have the food truck in the Yountville Community Park during the covid shutdowns. It would be nice to see another one return. Many residents and local workers enjoyed the convenience. It made for some nice evenings to be able to purchase dinner and utilize the park as well.
259	I like Bridge/Park and community events are very good!
262	Fireworks
265	All is good
268	As is with any improvements
269	Don't feel the need for improvements
277	More art sculptures
278	Keep the diverse selection of activities
280	Employees and volunteers
281	Above
282	Parks and Rec are great. I love the people who work there, always helpful
283	Parks are great!
285	You have done so much for this community - so

	grateful
286	Keep same programs running
289	They are clean, safe, nice looking and accessible
291	Everything - you do a great job - maybe more excursions
292	Maintenance

**22.What would you like to improve regarding Yountville Parks and Recreation facilities? (Parks, Paths,Community Center).**

ResponseID	Response
21	Perhaps a few more things like expanding corn hole league, adding a permanent corn hole set up, I have seen outdoor table tennis in other communities, maybe add a few more pieces of exercise equipment. Consider a few more evening class options for those who still work if there is interest.
28	Love the community center
31	Yountville needs a dog park
43	Drinking fountains that include dog-level spouts.
61	They're perfect
64	More exercise equipment and provide shade covering
65	Access to Use the Gym, Community Center at times when not working. Working M- F from 9-5
67	Dog park, please!
68	Outdoor fitness stations, and perhaps a running track/loop
74	Noted elsewhere.
78	Yountville gets really hot, so more trees for shade to be planted.
82	More child toddler classes at more times and days.
85	To be honest, just keep up the fantastic work.
87	Nothing. Plenty of parks for a tiny town.

91	Would like an exercise facility more similar to a gym, e.g., variable weight machines, free weights, and stationary bicycles . A great number of residents have had knee surgery and need to exercise on a stationary bicycle. I've tried the equipment at Vineyard Park and find the machines inflexible as to the strength needed. They provide either too much or too little resistance for me. Vineyard Park is a magnificent location however!
94	I very often notice that Park maintenance workers leave their truck engines running when stopping to empty garbage, etc. Very wasteful when they should shut off the vehicle while parked and unattended.
95	More programming for kids and families
107	Updated play ground equipment. As a mom, Yountville Park is a HUGE draw for families all over the valley! The playground equipment is great as is the picnic area and bathrooms and lawn area for events. It's perfect. We need another park in the middle or south part of Town with updated playground equipment. Forrester Park would be great or Vineyard Park.
109	Not being a Yountville resident, I'll leave this question to others. My family's dream would be for there to be more public hiking access in the mountains throughout Napa Valley vs. Napa being a "picture window community" looking out to private property.
111	Obstacle exercise course, pickleball on weekends
118	Nothing, you do a great job already. Keep up the quality work that is done by Yountville Parks and Rec.
119	Facilities for younger demographic that cater to locals and visitors alike. Badminton, ping pong, etc..
120	Like when the town does the town party but there's hardly anywhere to sit, no food if you don't arrive

	early- the town should do better on that.
121	Nothing I can think of.
122	I would like to make sure that food trucks don't become permanently sited especially near or across from a residential area. I would also like to see a dog park somewhere in Yountville.
124	Prevent white people from attending.
133	I am satisfied
135	All seems fine
139	More restrooms
140	Your parks, paths and Community Center are wonderful and I fully appreciate the easy accessibility.
142	The cost of Golden Ticket
146	The Hopper Creek area along Heather Street looks awful. A tree was removed and not replaced. Several years ago there were some plantings that have not been maintained. This is a neglected area that needs some upgrading.
147	More shade please. Temperature rising means we need more shade. Shade structures at parks would be great.
148	Possibility of a dog play area?
155	We need a dog park. This should be part of the facilities plan. It could be a focus for our community. Visitors would also use it.
162	Great job!
164	Perhaps keep pickleball open to Yountville residents only

167	When you first enter town from the south end of the Washington Street exit off Highway 29, the first thing you see are cones and caution tape. I believe it's been that way for a year and is unsightly! What's the delay?
171	It would be great to have some sort of designated area for families and dogs. Many dogs are family friendly and travel with their people. As the Town is well aware, as soon as the sheriff sees a dog off leash a ticket is given. Maybe there is an opportunity for some sort of fence line to be installed within a grassy section of vets park of YCP that will allow for picnicking and off leash dogs. Obviously I am not promoting a "dog park". But a small area where it would be ok to eat at a bench while not having a dog or two on leash with a sandwich in my hand. Huge pain... and makes me want to leave the pups home instead of bringing them along.
172	Wish someone would water the redwood trees at the north end of the Community Park. Right next to the charging station. They are slowly dying and need some water. Would be such a same when something so simple would save them. would like to see fewer gigantic celebrations at Yountville Park. Lots of these groups seem to think the "own" the park for their parties and it makes it hard for the locals to walk around and enjoy our park. I know they are money makers for you but seriously, limit it to Yountville residents for booking,
173	Dog park and other exercise classes less geared to older residents
176	Thinking of events where food is available, either by food trucks or even home-packed meals, I sometimes find no convenient spot to rest food and drink without balancing it standing up or even seated in the stage area. I'm thinking of perhaps having some high top tables or "bar" height resting spots, without benches or seating, just to be able to set down food and drink. Especially notice this at Veteran's Park where tables seem to be at a premium during Music in the Park, Art, Sip and Stroll, etc.

178	We need a dog park. Vineyard park is the perfect spot!
179	Badmitten set for rent for Veterans park. For the Community Center quad, add more green and foliage, more park like and less concrete. Perhaps large planters with trees on rollers, so they can be moved for events.
186	A dog park would be fabulous—it would make Yountville perfect!
189	nothing....love it
190	Better utilized for outdoor meditations, Pilates, yoga, HIIT classes, writing workshops, speakers, etc. More outdoor programming for all ages.
192	Two comments: some have mentioned the need for a dog park, and there has been a long history of dialogue on the subject. The question is always where to locate it. I think the only viable option is south of the Veterans Park bocce courts. Certainly placing a dog park near the tennis/pickleball courts should not be considered. Some also may mention the need for a swimming pool, but based on the Vets Home experience and obvious expense, I assume this would be a non-starter.
193	Definitely need a dog park in town! Also, the parks here are lacking in playground equipment. Forrester Park in particular needs to be upgraded. Maybe add some swings. There is room and it is a much used park by children in the community.
194	Definitely need more playground equipment in the parks around town. What about a dog park? That is the number one thing I hear from my fellow neighbors in Yountville. We need a dog park!
196	Reinstitute Car Show on Father's Day or some other day.
197	Please provide a few sturdy benches and rocking chairs or gliders where you can pause, sit down, and enjoy the park or pathway views.

198	enforcement of leash laws in parks, way to many times dogs are off leashes--not comfortable for small children, small dogs, etc...just a matter time before someone gets hurt--either by off leash dog or it's owner.
200	I would love to see a dog park, if that would ever be possible.
201	Noting really
204	Yountville BADLY needs a community (outdoor) pool for exercise (lanes); and for low-impact exercise classes.
210	Add WiFi to several so they can become outdoor extensions of our offices. With many of us now working from home and a lack of coffee shops, it would be wonderful to spend time outdoors responding to emails and enjoying the parks.
211	Dog park, dog park, dog park PLEASE!!
212	A dog park would be a great addition to our community. Also, adding additional play equipment at Forester Park. There are big bushes on the North end of Forester park that could be pulled out and picnic tables added to encourage more group gatherings. Maybe add a bathroom at Forester too.
213	a dog park is long over due
215	Would be great to have a little refreshment kiosk at the Community Center to encourage casual use of the area--this would mean making it more pleasant to be there with more tables and umbrellas or some sort of shade structure. I think the town could use a dog park. Instead of focusing on any area near residences--we should look to the area south of Veterans Park--we don't need more parking spaces, We need community amenities that enhance safety in our streets and neighborhoods--dog walkers have been said to protect communities just by virtue of them being out and visible at all times of the day...so dogs are a valuable part of our community. I think parks are

	a great place to reinforce ecological ideas. I would like to see the town stay very current in providing story boards in parks about how the town is working to reduce its carbon footprint and to provide state of the art facilities and amenities that are mindful of the environment. We need to walk the talk especially in our parks.
216	A dog park would be really nice. Has the east end of the Yountville cemetery been considered for a fenced off area for dogs?
219	Dog park
222	DOG PARK!
223	Shade coverings and senior equipment ie: adult swings, senior balance equipment
224	Funding
226	dog Park
227	Please don't make vineyard park into a dog park. Thankyou
228	Our general website (Yountville.com; not town of Yountville) touts how dog friendly we are. I agree. BUT we should have a dog park. It'll be such a wonderful place to chat a bit with people I see regularly on my daily dog walks.
229	No need for improvement.
231	A dog park would be a nice addition as there are many residents who own dogs and while it seems the Town loves dogs, I feel like it is not that friendly with regards to where one can take their dog and play with it in open space- there is no place. The gym equipment at Vintner's Park is a joke. It was a waste of money. We need to reinstate a truly active playground for children in that place where it was originally planned.
233	Off leash Dog park! We live close to community

	center and our dog is always on leash. Dogs need a good RN occasionally.
234	An off leash area for dogs.
235	Can we please get a dog park?!? It could be placed between the Community Center and Bardessono Hotel. There are two big patches of grass north of the community center next to the path by Bardessono Hotel and Spa. This would be a perfect spot for both a large and small dog park. Easily accessible, centrally located and would not bother residences. It would be adjacent to the Bardessono park listed on your map.
236	A dog park....a fenced area so that a dog can play fetch or meet other dogs and for me to meet other dog owners. I now drive to dog parks 3 times a week. Cordelia dog park and Wardlaw dog park are very nice.
239	More accessibility, such as smooth paths.
240	It would be lovely to have the Yountville Elementary School site maintain at least some playground equipment and park setting. Bardasano "park" needs to have some playground equipment or at least something more than just grass to be considered a park. There is not anything there to attract someone to spend time there. Same goes for Three Weirs. How is that considered a "park"? It is just a patch of grass with one bench. Nothing remotely interesting about it. This park seems like an afterthought. Forrester Park's playground equipment is sub optimal. Maybe add some swings? Or at the very least replace the old equipment. There is also a really odd concrete circle adjacent to the playground equipment. Someone mentioned it used to be a sandbox, but now it is just ugly plants. I feel as if this park is neglected and it could be so much more.
242	Forrester park needs a dog water fountain. Someone provided a silver dog bowl but we need something permanent. Also would be nice to utilize more of the space where the picnic tables are located. The tables are not anywhere near each

	other so not very conducive to families gathering. They are just one offs and no grouping of tables. There seems to be plenty of space along the sides of the park (near the water fountain or remove some plants/bushes on north end next to fence) or right next to the vineyard end. This park seems to need a redesign.
243	Add dog park or parks, large and small.
244	Dog parks for both small and large breeds
245	Dog park. More walking trails.
246	A community garden would be nice but where?
249	A pool
250	Nothing - I think they are great!
252	If TOY purchases ES campus-to utilize classrooms for more Golden Tix classes, so staff doesn't need to set up prior each wk and to add more classes with more space. Move Park & Rec offices to YES, Soccer field for organized leagues? Community Garden? Renting out classrooms for Non-Profit Groups for meeting space? Thanks!
253	Veteran's Park is beautiful and has proved quite successful for events. But the seating area for viewing performers is inefficient use of that space. Many people will block out larger areas of the seating area than they need, forcing lots of people to sit outside of the view of the stage.
255	More access to paths
257	See the above comment. Possibly another food truck option at Veteran's Park would be of benefit as well. It would be nice to have one at each end of town. The bathrooms in the parks are in need of more cleaning, more often please.
258	Certain events held in Veteran's Memorial Park are too crowded. The recent event blocked traffic

	on Washington St. Events like that need larger venues.
265	All is good
268	No Comment
269	Don't feel the need for improvements
276	Better advertising of upcoming events - with advanced notice from ? de Wagon residents
277	Grateful now, proud to live here
278	Dog park
279	Dog park (preferably for large and small)
280	Everything is great
281	Signage - no smoking period! (even cannabis) Pick up after yourself
283	Bocce courts
286	Happy with our very engaging parks and rec department that keeps evolving and growing
288	More bocce courts
291	More excursions
292	More daily activities
297	Dog park Gym for locals Personal trainers for vineyard park Equipment and new gym
298	Priority to local Yountville residents

## Appendix D

Public meeting transcription of notes provided by participants.

**Question #1: What did you hear? After hearing the presentation on the survey outcomes, what stood out for you? What are the top five most important items?**

- Grandkids programs
- Swimming pool?
- More pickleball times
- Outdoor gym during day
- No interest in dog park unless it doesn't intersect with homes (community has to agree on location)
- More programs for men
- More programs for couples Cycling group
- Tennis programs
- More services for youth
- Water Pad
- More exercise (movement) classes
- After hours exercise classes
- Dog Park
- Club phys Board Games
- Wider variety
- Multiuse landscape and obstacle course with mile markers and directions to open
- More excursions (Adult and Family)
- 3000 population with 186 responses
- 1500 households
- Surprised at the response from 34 children
- Need more data /how strong is the response
- Vineyard Park equipment is more flexible with weights and Pilates
- Classes-more on zoom
- Chess in the park with tables
- An adult community
- Wanting activities for children and grandchildren
- Survey members were not aware of all activities in existing parks
- The survey is a small sample
- Survey missing demographics of participants
- More open-ended questions asking for specifics
- Dog Park
- More questions about the preservation of open space
- A low percentage of a response collected
- A swimming pool-have it but can't use it

- Amazing number of young children in Yountville
- High population of seniors versus low population of children
- Need for more community events
- Interest in Dog Parks
- Happy with maintenance of parks
- Parks are well used and well maintained
- Could improve use by working folks
- We are rich in town park resources
- Golden Ticket is extremely popular
- There are pitifully few children in town
- No mention of what to make smaller or discontinue
- Activities (especially Bocce, Pickleball, music in the park) increase park use
- 6\$ of our population completed the survey
- We like passive use and aesthetics, but we show up in numbers when an activity is added
- Desire for dog park
- Desire for public pool access
- Informal socializing place
- Nothing is broken according to those surveyed
- Reproducibility of survey results with on 6% responding have not been proven to represent the whole Yountville population
- Lack of importance of dog park
- Programs for children to meet resident needs
- Activities needed like library not expensive equipment
- Gym for fitness opportunities
- Surprised that cost to participate was not mentioned -should offset costs for locals
- Pool alternatives to study
  - Resorts?
  - Public?
- Safety and Security

## Keywords

- dog park
- public pool access
- town park resources
- couples Cycling group
- Vineyard Park equipment
- increase park use
- whole Yountville population
- survey
- Pool alternatives
- Outdoor gym

**Question #2: What have we missed? In terms of improving providing park and recreation programs, services, and facilities communication, what do we need to do more of?**

- Input from people not using programs -find out why
- Draw Vets into town
- Subsidized programs for residents/at cost for non-residents
- Explore locations for a fenced dog park
  - We are a dog-friendly town
  - Tourists with pets could join in
- There are more dogs in town than children
- What can we take away “if” add
- No blow-up holiday décor
- Yountville could be a destination for Halloween events
  - Walk around the Cemetery
- Incentivize survey takes with amazon gift card
- Programming at more convenient times
- Water Pad
- More Excursions
- More movies for adults (Not X-rated)
- Protecting our “open” athletic fields re: Kaneshiro Field
- Mile Marker Field on Walking Paths
- More activities for parents to do with Children
- Life Skills Class
- Pet parade
- Exercise classes for Golden ticket
- Multi-generational dances (kids teach grandparents to dance for weddings)
- Younger population
- evening groups
- staff support at regular times
- Zoom Option
- Gym equipment indoors
- Walk in access to play games (board games, bingo, puzzles)
- Volunteers to cover staff hours
- Need demographics of respondents and town population
- More information about features of dog parks and residents’ interests
- What type of fitness features do residents want?
- More detail
- What other options are available for pickleball -time location etc
- Can we do popular activities more often music/movies in the park, bingo -indoors and outdoors
- Have we surveyed residents at the Veterans home?

- After hours programming
  - Open gym (after 5:30)
  - Available Equipment
- Dog Park
- Shade structures
- Meditative walking paths
- Natural fiber canopy
- Trees
- Balance of age-appropriate programs
- Gender inclusive programs (older men)
- Educational classes and programs that appeal to veterans
- Keep up the great work
- Mile markers
- Trail markers
- Historical markers
- Communication with Veterans e.g.: excursions
- Hard to add or say what is missed-we have so much
- We liked the trolley
- Demographics – who answered the questions? How old are they?
- Affordable group exercise
- Aerobics
- Golden Ticket should be a lower cost
- Marketing and outreach
- What do the different parks offer?
- Maps and Q&A questions for parks

## Keywords

- Parks
- Golden ticket
- Mile markers
- dog park
- programs
- fenced dog park
- Life Skills Class
- blow-up holiday décor
- Affordable group exercise
- Natural fiber canopy

**Question #3: What are the top three to five actions I believe matter most in serving our community from a park and recreation perspective?**

- Designated dog park
- Golden Ticket free to resident seniors 65+
- Gym facility
- Club-like opportunities: Walking, cycling, tennis, social
- Continue maintenance level of parks
- Provide a dog park or area
- Provide shade structures in community areas
- Identify pool options
- Drop in Social Center
  - Adult Ed
  - Activities (bridge, dice, reading)
  - Computer tech (iPhones)
- More priority for town residents for programming availability
- Programming should be free for residents
- Should we do popular events more often? Movies/music in the park bring movies indoors to the community center
- Prioritize activities that favor residents (allocate staff to meet this goal)
- Movies for adults
- Careful costing by activity or program
- Select a dog park location
- Water Pad
- Multigenerational activities
- Specialized gatherings – singles night, couples night, family night, teen night
- In recreation, guide put photos and descriptions of parks
- Planned walks with mileage markers so you can gauge distance
- Classes with a “pay what you can” sliding scale
- Make informed staff available during Biz hours
- More singles events
- Mile markers, map guides for walking paths in Yountville with QR codes
- Historical walking paths on maps – cemetery, parks Van de Laur
- More shade structures- picnic areas, children play areas
- Community garden
- More community events
- Family excursions i.e. fishing

**Keywords**

- Park
- shade structures
- Programming

- dog park location
- Continue maintenance level
- Designated dog park
- Identify pool options
- Activities
- areas
- residents

**Question #4: What are the themes and patterns you see running through the information that has been collected?**

- Dog Park
- Places to gather/social center
- Pool
- Amazing Community
- We love Park and Recreation!
- Need more staff to provide services
- Shade – aesthetics, comfort outside the home
- More events for all age groups
- Water Feature
- Volunteers to supplement staff
- Gym Facility
